

Hopper Scale

Floor Scale

Versatile
Durable
Portable

From fertilizers to grains, the B-TEK Hopper Scale is the perfect fit and solution for agriculture customers. B-TEK's Hopper Scale will improve mixing accuracy and save time and labor.

B-TEK's Hopper Scale features a 12-cubic foot capacity hopper set on dual single point load cells. It has a capacity of 1,000 lbs. The loaded product weight is displayed on a weight indicator with a rechargeable battery, stainless steel housing and LCD backlit display.

Heavy-Duty Construction

Heavy gauge steel construction ensures long-lasting durability

Portable

Fixed front, and rear swivel casters for increased maneuverability

Quick Discharge Slide Gate

Manually controlled and ideal for single-operator use
